

NEHA MAYACHARYA

AI EXPERIENCE DESIGNER

Charlotte, North Carolina · [+1\(980\)395-5623](tel:+19803955623) · nmayacharya@gmail.com · [Portfolio](#) · [LinkedIn](#)

PROFESSIONAL SUMMARY

Experience Designer with 6+ years of work experience and two design degrees, specializing in immersive experience design, AI-driven UX, and human-centered product design. Expertise in crafting intelligent, scalable digital experiences across XR, healthcare, enterprise training, and fintech with strong research practice in conversational AI, accessibility, and emerging technologies. A product designer first, contributing across the full product lifecycle from early problem framing through high-fidelity execution and delivery, within multidisciplinary teams of strategists, product managers, and engineers at enterprise scale.

AREAS OF EXPERTISE

AI & Emerging Tech: Conversational AI, Dialogue Flow Design, Intent Recognition, NLP-driven UX, Designing for Generative AI, LLM Integration, Agentic Workflows, Prompt Design, Information Architecture for AI-driven Products.

UX Design & Research: Design Thinking, Problem Framing, Heuristic Evaluations, Usability Testing, A/B Testing, Semi-Structured Interviews, Affinity Mapping, User Journeys, Persona Development, Wireframing, Storyboarding.

Immersive & Spatial Design: VR/AR/MR Experience Design, Spatial Interaction Design, Multimodal Interfaces (Voice, Gesture, Gaze, Haptics), 3D Storytelling, 3D Visualization, Micro-interactions, Animation Design.

Design Systems & Accessibility: Component Libraries, WCAG Compliance, Design Systems, Interaction Design Patterns, UI Style Guides.

Product Strategy & Agile: Competitive Analysis, Stakeholder Collaboration, Agile & Kanban, Rapid Prototyping, Cross-functional Collaboration, User Stories, Consumer Insights.

WORK EXPERIENCE

Product Design Consultant — [ChatoorAI](#)

March 2024 – August 2024

- Redesigned multi-user financial workflows through user research and usability testing, reducing task completion time by 20% and improving overall product efficiency.
- Designed a responsive dashboard with QR-based expense tracking, applying structured information architecture and interaction design patterns to streamline day-to-day financial management.
- Conducted usability testing and prototype iterations focused on accessibility and inclusive design, ensuring WCAG-aligned interactions across core user flows.
- Collaborated closely with product and engineering stakeholders to deliver production-ready designs, translating complex financial data into clear, intuitive UI components.

Lead Immersive Experience Designer — [CXR Agency \(Kinemeric\)](#)

August 2020 – March 2024

- Led end-to-end design and delivery of 20+ XR solutions across healthcare, enterprise training, and luxury retail, spanning VR, AR, MR, and WebAR on platforms including Meta Quest, HoloLens, HTC Vive, and 8th Wall.
- Designed spatial interaction models, user experience flows, and high-fidelity prototypes for Harvard MedTech's VR pain relief therapy program, increasing therapy module adoption by 25%.
- Architected immersive training experiences for Millennium's fiber optic VR program on Meta Quest 2, reducing development cycles by 30% through scalable 3D design systems and structured storyboarding in ShapesXR.
- Designed full meditation experience flows and accessible UI for Made for Joy, a mindfulness VR application reviewed and approved by national wellness experts.
- Built a WebAR donor engagement campaign for Feed the Children end-to-end; collaborated cross-functionally with 3D artists, developers, and project managers, and mentored junior designers in interaction design, spatial UX, and accessibility.

VR Experience Designer & Developer — [Inspirit VR](#)

December 2019 – April 2020

- Contributed to an ed-tech VR platform founded by Stanford researchers and later acquired by Macmillan Learning, partnering directly with founders to build their vision for immersive STEM education.
- Led end-to-end design across research, narrative design, conceptualization, storyboarding, UX, UI, visual design, micro-interactions, and design documentation for multiple K-12 science and biology modules.

- Created 3D assets, animations, Unity 3D scripting, spatial audio, and UI sound design, delivering a fully integrated immersive experience across design and development layers.
- Conducted user validation sessions and produced curriculum that increased student comprehension by 35%; selected modules were personally presented to Atlanta private school leadership by the co-founder.

Immersive Media Designer Intern – [Immertive](#)

April 2019 – June 2019

- Conducted healthcare UX research with doctors at a Hyderabad hospital, documenting the end-to-end dialysis treatment process to map its scope for VR training simulation.
- Identified 15+ design opportunities for immersive VR-based medical training and designed UX templates and experience flows grounded in real clinical research and provider feedback.

Founding Product Designer – [Srishti Design \(Contract\)](#)

August 2017 – March 2018

- Designed Greenware, a sustainable sugarcane-bagasse tableware set for Hindustan Paper Industries, leading the full product lifecycle from ideation and client presentations through CNC prototyping, 3D printing, and production-ready product.

Product Designer – [Industrial Design Centre, IIT Bombay](#)

April 2016 – July 2016

- Conducted technical research, CAD drawings, and animation walkthroughs for the Indian Railway toilet redesign under Prof. K. Munshi, and worked under Prof. B.K. Chakravarthy on the Vaishno Devi Palkhi redesign, a biodegradable toilet, and a transformable sofa-to-dining mechanism owned from research through workshop fabrication.

EDUCATION

[University of the Cumberlands](#) – Executive Master's in Artificial Intelligence, 4.00 GPA (2024 – August 2026)

[MIT Arts, Design and Technology University](#) – Master's in Immersive Experience Design, 3.98 GPA (2018 – 2020)

[Savitribai Phule Pune University](#) – Bachelor's in Product Design, 3.41 GPA (2014 – 2017)

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Anthropic (9 certifications): Claude Code 101; Claude Code in Action; Claude Platform 101; Introduction to Claude Cowork; AI Fluency: Framework & Foundations; Teaching the AI Fluency Framework; AI Fluency for Students; AI Fluency for Educators; AI Capabilities and Limitations (Jun–Jul 2026)

Interaction Design Foundation (IxDF): [AI for Designers](#); [Build a Standout UX/UI Portfolio: Land Your Dream Job](#). IxDF Member, credential active through Aug 2026

Microsoft: [Microsoft Azure AI Essentials Professional Certificate](#) | Microsoft & LinkedIn (Nov 2025)

LinkedIn Learning: Advanced Prompting with GitHub Copilot; Exploring AI Workflows within Figma Design; The AI-Driven Product Designer (May 2026)

TOOLS & TECHNOLOGIES

AI & Code: Python, C# (Unity), C++ (Unreal), React, JavaScript, CSS, LangChain, Claude API, Microsoft Azure AI, Generative AI, Lovable, Cursor, Natural Language Processing (NLP), TextBlob, TF-IDF

UX & Design: Figma, FigJam, Framer, Principle, Adobe XD, Sketch, Maze, Miro, Adobe Creative Suite (Photoshop, Illustrator, After Effects, Premiere Pro, Audition)

3D & Immersive: Blender, Maya, 3Ds Max, Spline, Vectary 3D, Gravity Sketch, Google Tilt Brush, Masterpiece VR, Shapes XR, Rhino, ZBrush

XR Development & Hardware: Unity 3D, Unreal Engine, 8th Wall, Vuforia, Reality Composer, Spark AR; Meta Quest, HTC Vive, PICO, Microsoft HoloLens, Leap Motion, Arduino UNO

Research, Testing & Collaboration: Maze, Google Analytics, Jira, Miro, Microsoft Office Suite, Notion

ACHIEVEMENTS

- Batch Topper & Academic Award | Bachelor's in Product Design, [Savitribai Phule Pune University](#) (2017)
- Batch Topper, Academic Certification & Scholarship Recipient | Master's in Immersive Media Design, [MIT ADT University](#) (2020)
- Board of Studies Member (2024) and Visiting Faculty at MIT ADT University and [IIT Bombay IDC](#); taught Data Visualization and Design for VR/XR (2023, 2024)
- Speaker & Certificate Recipient | Facebook India Workshop on Storytelling in VR, [UX India Conference](#) (2019); SEEKERS Conference (2022)
- [NCXR Community](#) | Active member of North Carolina XR; presented original work (2026)
- [AWE XR 2026](#) | Volunteered at AWE XR, one of the world's leading augmented and mixed reality conferences, Long Beach, LA (June 2026)
